Hi Rachel,

Congratulations on the beginning of construction! I have included Sergeant Siguenas to see if he can identify a date his Team can go out and educate them on the construction. I have also spoken to Matthew Tenchavez from LAHSA and he will continue to ensure that the LAHSA teams conduct outreach as well.

Sergeant Siguenas, I know that your team is very familiar with this location and have been out to it multiple times. There is a pending CSLA in AMS, it has 2/3 signatures (pending LAHSA signature). Thank You all for the coordinated efforts.

Take Care,

Emada

Hi Sgt. Tingirides,

Demolition on vacant building at 4503 Hollywood is going to start this week. However, the contractor is trying to work with our office to move the individuals directly encampment near the buildings. A LAHSA outreach team went out to this location this past Saturday to give these individuals advance notice, but many have remained. We are concerned that they could be accidentally harmed during construction. Can the HOPE team come out later this week or early next week? I will try to coordinate with the contractor. Please let me know if you have any questions.

Best,
Rachel
